

FERTILISER

Dear Customer,

Your interest and support in our Grain Marketing Business has been strong and we thank you for that.

We are now potentially interested in supplying your fertiliser needs possibly for this coming season and definitely well into the future at competitive prices and with the service levels you have come to expect from us!

To assess this opportunity we need you to indicate by return what your requirements are for this coming season so we can source appropriately.

DAP	<input type="text"/>	metric tonnes
MAP	<input type="text"/>	metric tonnes
Urea	<input type="text"/>	metric tonnes

At this stage this is not a commitment, simply a realistic indication of requirements that under competitive terms and conditions you would be willing to purchase through us.

Further we are considering offering payment terms that include various options and one possibility is offset against equity you still have in grain, sold into our pools. Please indicate your interest in this.
